

Become FEE-FREE with MAGNIFY SLASHPAY

Tired of paying merchant fees?

Clearly display two separate prices - **one for cash** and **one for card** transactions - for a fully compliant sale.

Historically, outside of payroll and inventory, **credit card processing fees** are the next-largest expense for most businesses.

WHAT IS SLASHPAY AND DUAL-PRICING? ✓

- Dual Pricing is a **compliant pricing strategy** to offer a Cash Price and a Card Price.
- Dual Pricing has been **used at gas stations for over a decade** in many states, and is **now available to all business types**.
- When businesses offer Dual Pricing, they **keep 100% of the cash price** for every product they sell, **regardless of how the customer pays**.

All payment terminal types

Automatic calculations

Consumer Choice

No Contracts

Improved Profitability

100% compliant

IS SLASHPAY RIGHT FOR MY BUSINESS? ✓

Not sure? Give it a try!

We offer a **60-day SlashPay trial** to any interested business. If at any point you decide that SlashPay is not right for your business, we will match or beat your previous processors pricing, and switch you back to traditional card processing at no cost.
